

Gazetteer Best Practice Day

Cardiff Council, Bessemer Close Offices
Leckwith Industrial Estate
Cardiff, CF11 8XH

Thursday 22nd October 2009

Agenda

- 10.00 Morning Tea, Coffee & Croissants
- 10.15 Welcome
- 10.30 Gazetteer Management Overview – Phil Gee
- 10.40 NLPG Best Practice – Phil Hall, Cardiff Council
- *Phil will describe the work that has been done at Cardiff Council in gaining recognition for the gazetteer through bringing their LLPG to the very heart of council working.*
- 11.05 NSG & ASD Best Practice – Martin Laker, Bath & North East Somerset Council
- *Martin, as a member of the NSG Working Group will discuss how the NSG has evolved nationally and how Bath & North East Somerset Council are putting their street gazetteer to work.*
- 11.30 The Barnsley Story – Andy D’Andilly, Barnsley MBC
- *Andy will explain to the audience the history of the LLPG at Barnsley MBC and how they turned a bloated database into the streamlined gazetteer they have today.*
- 11.50 Tea & Coffee
- 12.00 The Bridgend Story – Simon Butler, Bridgend County Borough Council
- *Simon will talk about how they use their gazetteer with a bilingual element where both English and Welsh names are stored in true BS7666:2006 fashion.*
- 12.20 Gazetteer Integration Best Practice – Richard Healy, Monmouthshire County Council
- *Richard will guide the audience through the integration work that has been done at Monmouthshire County Council, starting with the data matching process through to back office synchronisation.*
- 13.00 Lunch
- 13.40 Web Services Best Practice – Matthew Seymour, Cardiff Council
- *Matthew will discuss how Cardiff Council have been using web services to enable their LLPG to be utilised by different departments across the council and beyond.*
- 14.20 Extending Your Gazetteer Best Practice – Naveed Badel, on behalf of Kent Fire & Rescue Service
- *Kent FRS, like many emergency services had a need to hold additional data in their gazetteer that falls outside the BS7666 standards. Naveed will describe the uses of this data and the methods Kent used to extend their gazetteer.*
- 14.40 Street Naming and Numbering Best Practice – James Shean, Aligned Assets
- *An essential component in not only keeping NLPG data up to date, but often a significant revenue stream in local government. This presentation will look at methods to simplify and quicken the SNN process.*
- 15.00 Close
