London SE1 2TZ

Wednesday 24th February 2010

Phil Gee Commercial Director

NUMBER ONE FOR GAZETTEERS

GEOconnexion^{UK}
SERVING THE GEOINFORMATION COMMUNITY IN THE BRITISH ISLES

What is Best Practice

“A Best practice is a technique, method, process, activity, incentive or reward that is believed to be more effective at delivering a particular outcome than any other technique, method, process, etc. The idea is that with proper processes, checks, and testing, a desired outcome can be delivered with fewer problems and unforeseen complications. ”

What is Best Practice

"better practices" - seeking better ways, which may lead to tweaking the suggested practice to make it even better.
